

I have received about 7 phone calls in the last two weeks from telemarketers trying to get me to sign up for MCI long distance telephone service. The phone is in my wife's last name, but they always ask for me by my last name. I don't know how I got on this list, but we don't want their long distance service and I want them to stop calling me! Please help me out! My phone number is 253-445-8568. Thank you.
